It was a great honor for me to have had a great experience to participate in ACC Leadership training program in Heart House, Washington D.C on December 11, 2014. The Leadership Training Program was really an interactive, participatory event. Dr. Zoghbi and Dr. DeMaria, who were main course directors, customize the program to fit our needs about "What is true leadership?" and "What is professionalism and quality for leader" It is extremely useful and helpful for me to know the meaning of "true leader" through this training course. Telling my big experience to the other members in Japan, I would like to contribute to the development of a lot of new leaders in near future.

Finally, I really appreciate Dr. Zoghbi and Dr. DeMaria and all affiliated parties of ACC Training Program
